

Enrollment 2056

The total number of summer session students is currently 2056 according to Dr. Edward J. Neale, registrar. There are 378 veterans and 1678 non vets in attendance. In the 1949 summer there was a total of 1449 students, which shows an increase of approximately 40 per cent. W. F. Crites, veterans advisor, reports that for the first time the State vets outnumber the City College one's

CC pool open to State

Dr. Floyd R. Eastwood, dean of men, announced last week that the City College swimming pool will be open to summer session activity card holders two afternoons and three evenings, during the next three weeks.

The pool will be open from 4 to 6 p.m. on Wednesday, July 12, and Wednesday, July 19, and from 7 to 9 p.m. on Thursdays, July 6, 13, and 20.

A fee of ten cents will be charged for towels.

20th Century-Fox studio excursion tomorrow

Tomorrow is the date of the most exclusive excursion available to summer session activity card holders. Forty-one early signers will leave at 2:15 for a tour of the Twentieth Century Fox Studios.

The tour will be personally conducted by Art Hauser, instructor at State and director of the Studio Club, who also made arrangements for the excursion. Studio tours are extremely difficult to arrange, and it is only through the courtesy and contacts of Mr. Hauser that the trip can be made.

However, only one bus load of 41 people will be allowed to go. At last count, the sign-up list held 30 names, so those wishing to go had better rush up to Ad 221, the dean's office, and reserve a seat for themselves.

News briefs

Alumni committee meets July 12 at 6:30

On Wednesday, July 12, at 6:30 p.m. the steering committee of the Alumni Association will meet to discuss and to reach decisions concerning the organizational policies of the group.

Because of the large graduating class of June 1950, the number of alumni members has increased greatly, and the steering committee has been given the job of making this group into an organization of note.

Stanley on Ill. SS Staff

Dr. Joseph Stanley, education instructor, is teaching at the University of Illinois this summer. Dr. Stanley will return for the fall semester. He earned his Ph.D. from Stanford.

Siamis-White at Laguna

Toni Siamis and Joyce White, of the registrar's office crew, are both enjoying their vacations at Laguna Beach.

Hutton sells brushes

Lloyd Hutton, former State College student and graduate, is now a Fuller Brush Man. Lloyd was very active in student affairs at State. He was public relations commissioner and a member of the Blue Key National Honor Fraternity.

Vets meet July 11

There will be a veteran's meeting July 11 in Ad 202 at 2 p.m. Plans for a beach party and fall semester activities will be discussed. All veterans are urged to attend.

Star caller at square dance in SU tonight

Students attending the square dance to be held this evening, 7:30 p.m. in the Student Union are in for a rare treat. Caller will be Arnie Kronenberger, star of screen, radio, stage, and television, and one of the best callers in the area.

Admission is free, but those wishing to attend are asked to sign up in the deans' office, Ad 221, immediately. It is hoped that at least two squares, 16 people, will find it possible to attend this affair.

SCHEDULE

Thurs., July 6 - Square dance
Fri., July 7 - Excursion, Griffith Park Planatarium
Fri., July 7 - Excursion, Twentieth Century-Fox Studio
Wed., July 13 - Beach picnic
Tues., July 25 - Excursion, Knott's Berry Farm

Bigger program for fall evening students

Summer session students who are planning to attend State College in the fall as limited or evening students are in for a greatly expanded recreation and extra-curricula program.

A one dollar fee will be paid by these students in return for which they will receive a coffee and cake reception, a semester's subscription to CT, free attendance and food at the all-school picnic, free attendance at the annual Pitchfork Ball, half-price to all College athletic events and will receive the benefits of the expansion of the drama and debate programs.

Copies of CT will be more readily available to evening students through the new method of distribution, i.e. boxes.

Student-faculty group revise activity calendar

Because of a lack of response to several of the planned excursions, the student-faculty committee for summer session activities has revised the schedule.

Three trips have been cancelled on the new calendar: Cabrillo Beach Marine Museum, Padua Hills, and Forest Lawn Memorial Park. One of the previously planned square dances has also been dropped.

Students wishing to participate in the three remaining excursions, the square dance, and/or the picnic are urged to sign up immediately in the deans' office, Ad 221, so that arrangements can be made.

Trip to moon feature of planatarium tour

The new "Trip to the Moon" will be viewed by those State College summer students who participate in the Griffith Park Planatarium excursion planned for tomorrow.

Using the new space travel projector, the one hour show will simulate the observer's actual participation in a space ship trip to the moon.

By looking out of the 25 foot porthole the space traveler may see the approach to the earth's satellite, the trip across its surface, the earth as seen from the moon, and the return to earth. While exploring the surface, a close look at some of the great craters and other interesting features will be possible.

Also featured on this excursion will be the Hall of Science in the planatarium. Among the many astronomical exhibits in the Hall of Science are the model of the Mount Palomar telescope, the Foucault pendulum, a large working model of the moon, a model of the solar system, telescopes for viewing the sun and its spectrum, a series of artificial solar eclipses projected on a screen, a collec-

The summer sessions of Los Angeles State and Los Angeles City Colleges presented a scientific exhibit Monday, July 3, and Wednesday, July 5, in the Treasure Room of the City College Library.

On exhibit were, a continuous cloud chamber, which showed tracks produced by cosmic ray particles. This was presented through the courtesy of Dr. Carl David Anderson, Nobel Laureate; professor of physics, California Institute of Technology at Pasadena.

Photographs of research activities in the biological sciences were presented by Dr. James Frederick Bonner, professor of biology, California Institute of Technology.

Uranium minerals and instruments for the detection of radioactivity, including the new scintillometer were shown by Walt Bilicke, president, Engineers Syndicate, Ltd., Hollywood.

The scintillometer is used to detect scintillation in a crystal. It is built in the shape of a small radio and is 100 times more sensitive than the geiger counter, and works on a different principle than the geiger counter. The scintillation by the gamma rays causes small penetrations of light in the crystal. The scientists at Manitoba at Winnipeg, Canada are the developers of this new science wonder working device.

This exhibit forms part of the course on Contemporary American Culture, which is being offered this summer at both Colleges: State College; Sociology S101 and City College: American Culture I.

Mortensen gets Ed.D

It's Dr. Donald Mortensen, now, as the genial instructor received his Ed.D. recently from USC. Dr. Mortensen is faculty sponsor of the College Times.

Activity card still available in deans' office

Students who have not as yet purchased their summer session activity cards may still do so. Cards are on sale in the deans' office, Ad 221.

The picnic planned for July 13, which will be free to card holders, will cost others \$1.50. Use of the swimming pool is limited to those who have paid the fee, as are the excursions to the Griffith Park Planatarium, Twentieth Century-Fox Studios, and Knott's Berry Farm, and the square dance. The monetary savings will amount to several dollars.

Students enroll in Cabrillo nature course

Students who wish to enroll in the nature study class at the Cabrillo Marine Museum in San Pedro are urged to sign-up in the registrar's office Ad 218 on Friday July 7 from 8:00 a.m. to 12 noon. This will be the only day to sign-up, and the number of students that register for the class will determine whether or not the class will be held. Veterans on the various GI bills will not be permitted to use such, according to word received from the veterans office in Ad 112. The course will be three weeks in duration, and the instructor will be the noted Dr. William L. Lloyd.

Intra-mural sports need only interest

"Requests for an intra-mural sports program have been coming into this office regularly," reported Dr. Floyd R. Eastwood, dean of men. "I would like to ask those who are interested in an intra-mural tennis tournament or an intra-mural softball league to leave their names in my office, so that we can make arrangements for such a program." Leave name, address and phone number in Ad 221.

Friday July 7 will positively be the last day for veterans under Public Law 346, Public Law 16 and the State Bill to purchase books and supplies at the student store. Refunds for authorized off campus purchases will be made at the student store from Monday, July 10 through Friday, July 14 from 8-3 p.m.. Students must have their authorized off campus slip, and receipt of purchase with them, when applying for their refund.

tion of meteorites, a model of our galaxy, models of the planets, an exhibit of the work of amateur telescope makers, a large camera obscura, and numerous transparencies.

Physics chemistry and geology are represented by such exhibits as a model of the cyclotron, a million-volt Tesla coil, polarized light, electrical discharge through gases, oscilloscope, Wilson cloud chamber, spectra of gases, reflection and refraction of light, magnetism, fluorescence, minerals and rocks, geological formations of Griffith Park, oil field and underlying structure, geological clock and a model seismograph.

Students wishing to participate in this interesting tour are urged to sign up immediately in the deans' office, Ad 221. Buses will leave from Monroe and Vermont at 2:15 in time to arrive at the planatarium for the 3 p.m. show. Admittance to the auditorium is 50c for adults and 25c for children.

Hollywood Bowl launches 29th year

With prospects of a season of more than usual diversity and interest, Hollywood Bowl has launched its 29th annual series of Symphonies under the Stars

Students in Los Angeles State College have been given an opportunity to buy tickets at a substantial reduction through the business office, Ad 222. The rate includes general admission and reserved seat tickets to all events on the concert calendar presented by the Hollywood Bowl Association.

Opening with the opera "Faust," the season will progress through September 5 with a galaxy of star events including six nights of the Ballet Russe de Monte Carlo, the operetta, the "Vagabond King," symphony programs with renowned vocal and instrumental stars and popular nights.

The annual Gershwin concert July 15 has on its roster: Carmen Dragon, conductor; Gordon MacRae, baritone; Gregory

The faculty and students of Los Angeles State College wish a speedy recovery to Dr. Fred M. Tonge, director of the education department.

Peck, motion picture star reading the Gershwin eulogy by Oscar Hammerstein, II; Lucille Norman, soprano; Marco Wolff, Jr., pianist, playing the Rhapsody in Blue; the Roger Wagner Chorale and 40 Franchonettes, precision dancers. Franchon and Marco are producing the program.

Symphony conductors this summer are Arthur Rodzinski, Sergei Koussevitzky, Alfred Wallenstein and Jose Iturbi, and soloists include: Pianists Oscar Levant, Dorothy Eustis, Arthur Rubinstein and Iturbi; Violinists Heifetz, Menuhin and Isaac Stern; Singers Helen Traubel, Stella Roman, Miliza Korjus; Marina Koshetz, Muriel Maxwell, Janice Moudry, Thomas Hayward, David Lloyd, Earl Wrightson and James Pease. Johnny Green will conduct a program of Rodgers and Hammerstein music.

American Culture lecture next week

The contemporary American Culture lecture series, under Mr. Meyer Krakowski, continues the second phase, entitled Philosophy, Science, and Religion, next week with the following schedule.

Science and Ethics in American Thought, July 6, 2 p.m. Henry N. Wieman, Ph.D., Litt. D., Professor of Philosophy, University of Oregon; Department of Philosophy, University of California, Los Angeles, Summer Session, 1950.

The Contribution of the Protestant Community to American Culture, July 10, 11 a.m. Hubert C. Noble, B.D., M.A., D.D., Chaplain and Associate Professor of Religion, Occidental College.

The Contribution of the Catholic Community to American Culture, July 11, 11 a.m. His Excellency, The Most Reverend Joseph T. McGucken, S.T.D., D.D., LL.D., Auxiliary Bishop of Los Angeles.

The Contribution of the Jewish Community to American Culture, July 12, 11 a.m. Simon Greenberg, Ph.D., Provost, The Jewish Theological Seminary of America; Director, West Coast University of Judaism.

Amherst plans alumni public relations work

Amherst, Mass. (I.P.) The work of the Amherst College Admission Officer will be closely integrated with that of selected alumni representatives in twenty-four public school districts throughout the country. The program, outlined by President Charles W. Cole at the recent Alumni Council meeting, provides for the appointment of alumni agents in eight states and the District of Columbia who will meet with seniors of selected schools in their vicinity.

The aims of the program, according to Admission Director Eugene W. Wilson, is not to increase the already swollen number of Amherst applicants, but to enlist students with superior scholastic and extracurricular records. "The plan should not only strengthen future classes, but will give some alumni the opportunity to be of significant service to the College."

Private schools will not share in the program's trial development, as they already receive considerable attention from alumni teachers, graduates of the school and the College Admission Office. The twenty-four alumni representatives, appointed for three years, will comprise a visiting committee on admissions whose work will be reported annually to the Executive Committee of the Alumni Council.

Amherst began the revision and strengthening of its admissions policy in the fall of 1947 when the first "Report to Principals and Headmasters" was released. This memorandum, which is compiled yearly and mailed to secondary school heads, contains all statistics on the freshman class of that year relevant to geographical and school distribution, rank in class, aptitude scores, and basis on which students were admitted to Amherst.

Lilla Pitts lectures at State next week

Tuesday, July 11, at 3 p.m. in the Student Union Building summer session students and the general public will have the opportunity to hear Miss Lilla Belle Pitts, professor of music education at Teacher's College, Columbia University, discuss Children and Music.

A past president of the Music Educator's National Conference national influence through this organization and through her extensive writings and working with teachers. Her publications include "Music Curriculum in a Changing World" recognized as one of the ten best educational books of its year; a new series for classroom use, "Our Singing World", currently being published by Ginn and Company; and the RCA Record Library for Elementary Schools, recently completed in collaboration with Gladys Tipton.

Transcript of grades procedure

Students making requests for transcripts of grades are urged to do the following: Please mark on request when you want the transcripts, now if you not attending Los Angeles State College at present. Now with work in progress if you are attending summer session, or at the end of the summer session with final grades.

Requests for transcripts with final grades to be mailed immediately after the summer session must be filed with the Registrar's Office by July 17.

No exceptions. This is positive the final date.

Non-financed tour of Forest Lawn Park open to students

Although the Forest Lawn excursion has been cancelled, students wishing to make a tour of this famous park may still take part in a non-financed trip.

Arrangements have been made for a free conducted tour on July 20. Those desiring to participate must sign up in Ad 221, but will be expected to furnish their own transportation to the park. Tourists will meet at the main gate at 1:30 p.m. The excursion will last two hours, followed by a tea.

Los Angeles State College and its friends are indeed fortunate to have this opportunity to hear Miss Pitts, one of the country's most beloved educators, who is in constant demand in colleges and universities throughout the country. All members of the faculty, students and the general public are invited to attend the lecture which will be free of charge.

George Eskander, State College speech major, became the proud papa of a bouncing 6 lb. 14 oz. boy on June 29 at 9:25 a.m. The boy was named Mark. George passed out the usual cigars in Mr. Robert Catren's history and Mr. Harry Bailey's geography classes the following day. Mother and baby are doing nicely.
