Latecomers Boost Total as Registration Soars to 2100

by Larry Bordan

At deadline time registration figures had soared to 2100. Official information says that we'll possibly not be able to handle all that intend to enter State. We now have the largest upper division of any State College except for San Jose.

Looking back at the week starting with 31 January all events have proven most gratifying. Harold Haywood supervised a most successful Orientation Day. Bouquettes to mad-cap Desmond. Also, luck to you Danny in the classes you're teaching. — Our two hoop victories have not only raised our "spirits on high" but dug a bit deeper towards putting us on the map.

Our accomplishments since the initiation of our school are down in black and white. The need for this institution has clearly been demonstrated by a growth in enrollment of from 167 in Fall 1947 to some 2100 now. The people of metropolitan Los Angeles are now beginning to realize our purpose—that it is We who serve them. But lets not stop at this beginning. We must make them know that only a four year state supported and operated school, following the same pattern as all state college, is the only way to give them the best to serve their needs.

The future of this institution lies not only in the hands of the legislators who convene again in March but in our hands, the hands of our parents, and those of every person in this area who is interested in the social and economic betterment of his community. We cannot bog down on the job.

State Expansion Difficulties Told

"Lebensram"! No advocacy here or approval of Adolph's shouting, but State has grown with such leaps and bounds that the lack of physical space has reached a point where educational benefits may be stymied. We just have no room. Not only are our administrators having difficulty in their planning, but our student executive council when planning activities constantly confronts this very real problem.

We must keep the California state legislature informed as to our progress, of the need we are fulfilling and the necessity of legislative action setting up our own campus.

LATE REGISTRATION

A fee of \$1 is payable for late registration. This fee will be applied for any student who begins or completes his registration on February 4 or later.

Howard Bell Will Teach P. E. Class

Howard Bell, supervisor of education for junior high school will instruct a course in Community Organization for Recreation at State this semester.

This course deals with the problems of youth services. Bell plans to bring public speakers to the class for lectures and hopes to take the students on actual trips so that they may better acquaint themselves with current problems.

The class will discuss the discovery and development of community resources that will influence growth and development and how these services profit the youth of the community.

Bell graduated from the University of Southern California in 1929 and taught physical education at junior high schools for many years until he was named to the position which he now holds. Last year he was Southern California president of CAPHER, a California organization to further the development of health, physical education and recreation.

Shaw Schedules Cal Poly Rematch

Coach Bill Shaw announced today that a rubber game has been scheduled with Cal Poly. The Diablos have split two contests with the Mustangs from San Dimas and both clubs were eager to schedule the game at local gym February 22.

Four tentative games are on tap for the next weeks. Galbret Sporting Goods, El Toro Marines, Helms and Cal Tech may be seen in the local gym against the Diablos.

The Golden Devils will travel to Pomona and La Verne on the 19 and 26 respectively. The Devils have previously beaten these two teams on their own court but they were both close games.

New Constitution To be Voted On February 16, 17

Voting dates for the proposed constitution of the associated student body has been established by the executive council, it was announced today. The constitution, prepared by a student committee, will be passed upon at a special student body balloting Tuesday and Wednesday, February 15-16.

"The new constitution promises to give further control of student body affairs to the executive council," averted Bob Miner, constitution committee chairman. "As well, it will afford a full year's tenure in office to student body officers.

The reason for this provision," Miner said, "is that only by having one year terms for the members of the executive council, can a unified program for the school year be planned and administered."

Copies of the proposed constitution are available to all students in AD 219. It is to the students advantage to secure a copy, and to read and study it carefully before casting his ballot.

In addition, ten appointive offices will be available to students. Eligibility for these offices will be fulfilled if the student is in good standing at the College, and if he or she possesses a 1.0 grade point average. The appointive heads will be known

Continued on page 4

Pomona and La Verne Drop to State Team

Diablo cagemen returned last week to the win column with victories over Pomona and La Verne in the City College gym.

Thursday State surprised the heavily favored Pomona team 52 to 46.

It was easily State's best game of the season to date. Their cool set offense and pressing defense kept Pomona at bay throughout the game. Except for a momentary lapse early in the second half, 24 to 23, the Diablos led from three to nine points all the way.

Sagehens all-conference center, Locke Olson, could not shake the aggressive Diablo pivotman, Paul Ludford, Duff Means, and Jim Hanley. He went out of the game on fouls late in the second half with an evening total of 8 points on 3 field goals and 2 out of 5 free throws. Wayne Scott was high point man for State, scoring 12 points on 6 field goals. He did not have any tries at the free throw line. Bill Hammon of Pomona had 12, 4 field goals and 4 out of 6 free throws. Wayne Hanks scored 8 points as did Olson to share the runners honors. Duff Means and Ed Sparrow each scored 7 points for State.

The Diablos left the floor leading 22 to 21 at the close of the first half.

In Saturday's game the Diablos were hard pressed to win a 43 to 41 game from La Verne. After getting off to a 15 to 6 lead, State slowed down to a walk. La Verne closed the gap to 17 to 14 by the half time, and was never out of the game from there on. After the first five minutes the Diablos seemed to lose the smoothness that they had in the Pomona game, but even playing racehorse basketball they managed to stay ahead. La Verne players wore a path to the free throw line, but were unable to collect on well over half their shots.

Wayne Hanks was high point man for the Diablos with 9 points on 4 field goals and one out of 2 free throws. He was followed closely by Jerry Jacobson new state forward who scored 8. Wayne Scott made 7 points. The Diablos had 68 personal fouls called on them for the 2 games.

The addition of Jacobson and his running mate at forward "Gooch" Gurian has given State a shot in the arm. Jacobson scored thirteen points in the two encounters. Gurian while he has not hit the scoring column, has been outstanding with his excellent floor play and rebounding. Highlight of the La Verne game was the appearance of Billy Barty for the first time in a State uniform.

Colleen Townsend

Colleen Townsend Awarded Charter

Colleen Townsend, sweetheart of State and first recipient of an honorary student body membership, was awarded a charter member certificate during the recent Orientation Day ceremonies.

Auburn-haired Colleen received the award from Harry Hooper, State's first student body prexy. This has been Miss Townsend's second appearance at State. Her first followed her selection as sweetheart at the Danny Desmond Capers, last semester.

A twentieth Century Fox starlet, Colleen had a feature part as Margie in the film Walls of Jericho. Colleen is now appearing in Chicken Every Sunday. She portrays daughter Rosemary in a cast that co-features Celeste Holm and Dan Dailey.

Miss Townsend is a graduate of Franklin High. While in attendance at Franklin, she was under contract to Warner Bros. and at that time appeared in *Jannie* and *The Very Thought of You*.

After these productions she attended Brigham Young in Utah. From there she transferred down to LACC. Former City College students will remember blue-eyed Colleen as the Alpha Smile Queen in the Fall semester of '45.

In her first appearance at

FOUR STUDENTS ATTEND UNESCO CONFERENCE

Four State delegates attended the UNESCO confab held from January 20-22.

Led by chairman Isabella Karmatz, representatives George Siriann, Jenny McGowan and Bob Freedman participated in group discussions pertaining to labor, social, cultural, education and religious problems. A spokesman for the State contingent said all sessions were geared with emphasis on a practical 'grass roots' crusade of mutual aid, tolerance and understanding.

UNESCO objectives are based on a six-point program consisting of educational reconstruction, communication, education, cultural exchange, human, social and natural sciences, it was further learned.

Individuals and groups are needed to cooperate in working with existing problems through the world.

Registration Assistants give students final check. At dead line time 2100 registrants had signed up with more expected later.

Bob Miner

First big problem for the student body this semester is the ratification of the new constitution. Next week we go to the polls to accept or reject the basic laws which may govern the operation of the Associated Students of Los Angeles State College for a long time.

Many of the ideas contained in this document are controversial to some extent. You can't, as the saying goes, please everybody. However, the people responsible for the presentation of the constitution have done their best to produce a set of rules which will make student government at State a working, efficient reality.

It has become obvious, to everyone concerned with student affairs that the present constitution is no longer practical. Too many things are not covered by any existing rules. The Council has been hampered because it has not known its powers, duties and privileges.

Many problems which could and should have been solved on a student level have been presented to the administration for solution. Such a procedure wastes the time and energy of the school officials.

Because of the importance of this matter I urge every member of the student body to read and to consider carefully the proposed constitution. Think of it from every angle. Be critical. Discuss it with your friends and in your club meetings. But always keep in mind at the present time we are operating on an outdated system, and this constitution can be amended.

My recommendation is that you read and discuss the constitution. If you find that you disagree with the whole thing or several major points vote no. If, however, you agree with the main ideas, even if you disagree on minor points, vote yes.

ABOVE ALL VOTE

I would like to offer my congratulations and sincerest good wishes to Max Wolf and the new Council. This group will have troublesome and important problems to solve. They will need the full cooperation of every student interested in the welfare of State. The Council members are human, and are accessible to anyone. They are your representatives, but they can't represent you unless they know your ideas and problems.

Erwin Flacks

State college, if you've noticed, has been getting greater and greater amounts of publicity. As well, we're being heard about in many new quarters in this country and abroad.

The January issue of Campus magazine carried a column about State in a "pot-pourri" of innumerable other campus gadding. The magazine reaches some 140 West coast colleges. State will be represented in Campus from now on out.

A letter from an RAF man in England queried us as to the curriculum we offered here at State.

A red car on Santa Monica Blvd. approached Vermont Ave., and the conductor sang out Vermont, Sunset bus, and Los Angeles State College!

After the tussle with Pomona Thursday, some ten Jolson's led by the inimitable Billy Barty, and a chorus of 30, sang out in victory at a nearby pub. Don't know whether it was the song (Mammy) or what, but Paul Schmidt, Harley Lyon, Larry Bordan, Harry Hooper, Don McLaren (to mention a few), and an unknown habitue were down on one knee.

From all indications, Pitchfork, State's yearbook, is going to fall through unless more subscriptions are garnered. A great deal of work has already gone into the book and approximately 200 pictures have been taken to date. If we really want that book, let's all pitch in and fork out. Pitchfork can be a success. It's up to you students.

Due: A word of thanks to the registration assistants for a fine job.

Thomas Able Exec

When Dr. Peterson appoints someone to an administrative position at L. A. State, it is reasonable to assume that the person is well qualified in educational background and experience.

Dr. Franklin V. Thomas, new director of evening division, is no exception.

With a major in history and romance languages, Dr. Thomas received his A.B. and M.A. from Indiana University. After having done graduate work at several midwestern and eastern universities, he was awarded a Ph.D. from Ohio State, in 1939, in educational administration.

Dr. Thomas' first job after graduation from Indiana was at the Princeton, (Indiana) High School where he served as instructor and assistant principal. From 1928 to 1936, he was assistant professor of French at De Pauw University.

His doctoral dissertation, "Coordination in American Higher Education" was published as a book by the American Council on Education. After receiving his degree, he became Director of Vocational Guidance and Placement at Ohio State.

Included among the positions he held in the field of education were the following: head of the department of education and psychology, Union College (Kentucky), 1940-42; director of teacher training, Otterbein College, 1942-43; Vocational Advisor for the Veterans' Administration, 1944; Director of the Vocational Guidance Center, Ohio State, 1944-47; and professor of education and supervisor of student teachers, in history and social studies, Ohio State 1947.

During the war Dr. Thomas was personnel director and general manager of Arrow Paper Co. in Toronto, Canada while they were engaged in emergency production of critical materials for the allied forces.

Dr. Thomas made his first trip to California last summer when he was Visiting Professor of Education at San Diego State. California climate and persuasive powers of Dr. Peterson helped to extend his stay.

Although the new administrator has only been at State since November, he commented on the "amazing spirit of industry, tolerance, and cooperation of both the students and faculty".

Ross Burdick

Billy Eckstine, after packing 'em in at the Hollywood Empire and the Million Dollar theatre, goes to Ciro's in San Francisco. However, for the benefit of a few thousand people unable to see him because S.R.O., he's been booked at the Cricket Club here in LA, and will return about the 21st. If you missed hearing Billy before, now's your big chance.

Friday night is fast becoming "college nite" at Zucca's Opera House, out in Culver City. The reason seems to be the "Olio's of '49". The 5½ hour program features Betty "Ball of Fire" Rowland, the Ice Classics and the Dick Peterson orchestra for intermission dancing.

Sebby & Goddard

An exciting program has been announced for the spring semester. First is the long awaited "Scarecrow" directed by Bob Browning. The capable cast features: John Peterson, Eunice Walker, John Brown, Edith Stiefel, Wadsworth Taylor and Nancy Norvell. The second play is "All my Sons" under Don Antaky's direction. The third production marks a real achievement and will be the western world premiere of "Peking Man" to be staged by Jerry Blunt. The adaptation for our theatre is being prepared by Mrs. Betty Blunt, a Chinese language and customs student. The final production combines music with drama in the world premier of "The Darwin Theory". It will create a challenge for the singers and actors taking part and is a feather in the cap of State's Tommy Miller who wrote this unusual music-drama.

To round out the drama department's planned activities we might add that several original and experimental long plays will be offered during the semester. This is an ambitious program and should receive full student support.

Us On A Bus

"Remember the "us on a bus" and the "roll to Redlands" slogans? Well us's goin' to bus to Pomona and LaVerne for our rematch games February 19, and 26 respectively, "stated class prexies Bordan and McLaren. "We'll be seeing ya there!"

New Students "Get Acquainted" At First Dance of Semester

First social function of the semester will be the Associated Student Body sponsored "Get Acquainted" dance. This is the first in a series of semi-annual affairs to be sponsored by this body. "It was felt", stated Max Wolf, student body president "that the students who were entering Los Angeles State College should have an opportunity to "get acquainted" with the students who have been attending the college". This dance is to be held the day previous to the Pomona basketball game which is being played in the Claremont gym on February 19.

Junior and Senior class social committees under the direction of Don McLaren, Junior Class President and Larry Bordan, Senior Class President, are in charge of arrangements for the dance.

Larry Bordon and Don McLaren when quizzed about the arrangements went on to state that they would be the usual thing. The dance will feature several name bands namely because records are being donated by public spirited students. Larry Bordon went on to add that he was sure that the dance would be a success and that the students would demonstrate the same school spirit that has made the college famous throughout Southern California.

The dance is being held Friday, February 18, at Newman Hall, from 8 to 5:30. Newman Hall is situated on Willowbrook Avenue which is on the North Side of the Campus. Those student who have an Associated Student Body Membership card will only be charged 15 cents. The proceeds of the dance will revert to the student body fund.

Fashions . . .

Spring clothes are here again and they are luscious! The clothes and the colors.

Navy seems to be the predominate color among coeds this semester. The reason for this is that navy can be combined with almost any color. Navy and chartreuse is a striking new combo. Skirts for campus wear still show slim lines but the flared skirt is becoming more popular.

Linen clothes seems to be most important this spring. There is a new rayon linen material that is wrinkle proof which is wonderful news. Suits, dresses, blouses and skirts made of linen with matching linen shoes are very smart.

All types of cotton clothes from peasant skirts to sun dresses are right for campus life. Most important are the sun dresses with the jacket, (fitted or bolero.)

Devil's Tales

Waiting for his acceptance to Las Damacitas is Wayne Scott. Yvonne Ebner, Ruth Talbert, Ruth Pura, Betty Engles and Dorthy Ellis are other new members added to the organization.

For those interested — Jim Hanley is quoting current racing odds in AD118. Fred Sutton put in a direct wire from Santa Anita.

It was reported that a roof was blown off a certain apartment after the Redlands basketball game. In celebration of the completion of finals?

Al and Elaine Hull compiling a list of names for a lawn planting party to be held at the completion of their new home.

Duff Means was seen wearing bright green basketball socks.

State music education major Barbara Manchan recently revealed her engagement to Bernard Marco at a party held at the home of her parents, Mr. and Mrs. I. Manchan of North Hollywood.

State students present were Estelle Deutch, education major and Ellis Raderman, music education major.

Social Sorority Has Formal Rush Tea

Alpha Theta Pi, Los Angeles State College social sorority, will have its first formal rush tea Sunday afternoon, February 20. The setting for the tea will be 117 N. Vendome, home of the Alpha Theta president.

In the receiving line will be Virginia Hronis, president; Nancy Palmer, vice-president; and Jackie Fillman.

How rhythmic can a rhythm song be?

You'll know when you hear Blue Barron's new waxing for MGM Records—
"Powder Your Face With Sunshine"

The Barron has a foot-tapping arrangement here—a combo of Dixie, shuffle and 2-4 time. It's sure-fire styling for a danceable hit tune. And on the flip, Blue puts "Cruising Down the River" into fast waltz time. Blue Barron likes to mix his rhythms—but in smoking, he sticks to one brand—Camel. Here at the right, Blue is telling his vocalist, Betty Clarke, about Camels.

How MILD can a cigarette be?

Make the CAMEL 30-DAY TEST . . . and you'll know!

Yes, make the 30-day Camel Mildness Test. See for yourself how mild Camels are. In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, after making weekly examinations, reported

I KNOW HOW MILD A CIGARETTE CAN BE! I'VE SMOKED CAMELS FOR YEARS!

THE 30-DAY MILDNESS TEST CONVINCED ME. CAMELS ARE SO MILD—AND TASTE SO GOOD!

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking—

Camels

Money-Back Guarantee!

Smoke Camels and test them in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. Perry Como smokes Chesterfields and doggonit this editor is gonna hafta start smoking the peace pipe with the Advertising manager to get some space on this sheet.

Don't even have room for my tips this edition

I was also gonna do a story on track, the team that's gonna surprise everyone, but what are ya gonna do with an eager advertising manager.

Coach Bill Shaw has a grin on his face from ear to ear these days, he's finally found a cou-

ple guys that can hit as good as his mad in aunt. Marvin Guerian and Jerry Jacobsen, graduates from the City College quintet, have bolstered the State squad.

But one of the really "Big Guns" to come out during the semester change was "Burley Billy" Barty, all 3 ft. 11 in. of him. It's no joke men, it's worth the price of admission to see this boy strut his stuff.

Back to track Coach Campbell still wants to sign men. If you are interested con-

tact Campbell at the Men's Gym. The size of the team will depend upon the turnout.

Baseball is still in the doubtful stage. Nothing definite has been said yet. We'll know for certain before the next edition comes out.

In closing I would like to let you in on a few previews . . . On successive weeks, on this page you will see, Joan Fontaine, Dennis Morgan and Linda Darnell - and they all smoke Chesterfields.

Mustangs Nip Diablos 63-60

In one of the most thrill-packed games played this season the Golden Devils were nipped by the Mustangs from Cal Poly in an overtime period 63-60, held January 2 in the winners gym.

Foreward Wayne Hanks set a new school scoring record when he connected for 20 points.

This was not the same Cal Poly team that bowed to the Devils in their opening encounter last fall. Many new casabamen have been added to their squad.

Constitution
