Mystery variety show to tour

Plans are being made, to take the LASC variety show to several neighboring colleges, after the performances on campus. The purpose of touring the show is to help establish good will with other colleges in southern California.

Director Tommy Bond is still keeping the content of the show a mystery. He believes that it is going to be one of the most outstanding shows ever to be presented on the State College campus.

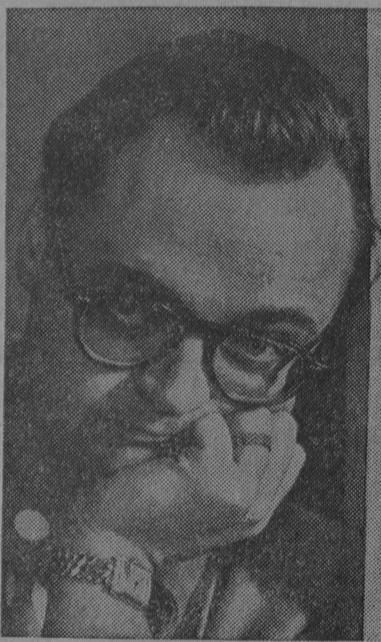

"We're going to have a fine show, one that will speak well for the college. The students in the show, and those working on the entire public relations program, have shown a great spirit of loyalty to State College," says Wayne Stoops, public relations commissioner.

Many of the students are contributing to several phases of the show including staging, directing, singing, dancing, and acting.

The actors include Penrod Dennis, Bobs Watson, Charles Hargrove, Joe Feinwick, Gene Collins, and Norman Vroom. Pat Wheeler heads the cast of singers with Bob Mahoney, Bixie Crawford and Chuck Gordon also contributing their vocal talents. There will also be a musical combo which includes Paul Herzberg, Nate Capallo and Charles M. Gacsi.

Team debating in Pepperdine tournament

Six members of our newly organized Forensic's Club are now busy at Pepperdine College engaging in the Western States Forensic Conference on speech.

Debaters Phil Forthun and Robert Brandel are speaking on "RESOLVED: That the non-communist nations should form a new international organization."

Forthun, captain of the team, is an experienced debater, while this is Brandel's first entrance into college competition. Bob is also entered in Impromptu Speaking and Discussion. His partner, Forthun, will accompany him into these two fields. Janet Durham is entered in One Man Debate, Impromptu Speaking, and Discussion. Ed Wilcox is entered in Oratory in his first attempt for State College, along with John Kimbro, a member of Miss Eula O. Jack's advanced speech class.

George Eskander is the only member of the team to enter Extemporaneous Speaking. This is George's first attempt in a conference of speech majors.

The debate team is participating in Oxford style of debate, weighing pros and cons of the efficiency of the United Nations and whether a new non-communist international organization could do a better job.

It is not expected that this speech team will win all the awards offered in this tournament, because there are approximately 80 colleges entered; but they will try to bring home as many cups as possible.

"We may not be the best team entered," said Forthun, "but we will attempt to present State College so as to leave a good impression with everyone present at the conference."

The students who took part in the presentation were: Seymour Prog, Evelyn Strickland, Sally Bieler, Charles Allen, Fred Bouker, Gardner Wood, Verna Jean Park, Elliott E. Hermer, Alyce Kamboorian, Bernadene High, Shirley Novikoff, Stafford Clark, Eileen B. Parsons, John Langford, Patricia Pons, Cherre McDonald, Elizabeth Dussel, Jay Lossieff, Rebecca Lange, Margaret Redpath, and Marion McVey. Dr. Val Jones acted as coordinator of the meeting.

The next "Showcase" for which the date has not yet been set will present a Christmas program with students from Miss Jack's various classes in speech, etc. making the major contribution.

Administrators hear training program

"How the teacher training institution implements thinking together" was the theme of the first annual joint conference of elementary and secondary school administrators, held on campus Saturday, Nov. 18.

Dr. Howard S. McDonald, president of Los Angeles State and City Colleges, stressed the "thinking together" theme as he spoke to the assembled administrators.

The educators were welcomed by Dr. Joseph Stanley, State College director of secondary student teaching.

At a 9 a.m. general session, presided over by Edwin H. Clark, president of the California Elementary School Administrators Association, an address was given by Miss Gladys L. Potter, president of the association for supervision of curriculum development.

The conference was adjourned at 1:45 p.m.

Master degree program discussed at CCTE meet

The relation of education courses to a masters degree program was one of the central topics discussed at a meeting of the California Council on Teacher Education, with members of the State Department of Education, in Santa Barbara over the weekend.

Dr. Fred M. Tonge, chairman of the State College education department, representing State College at the conference, divulged that other subjects on the agenda included teacher recruitment, types and sequences of education courses, and problems pertinent to student teaching.

Our Faculty

Wayne McIntire

A genuine desire to provide American youth with the most responsible and understanding teachers possible motivates the life of Dr. Wayne McIntire, methods instructor in education at Los Angeles State College.

Dr. McIntire's special interest lies in the field of the exceptional child. This field includes the brilliant, mentally retarded, hard of hearing, faulty vision, and socially maladjusted.

"There are so few teachers in Los Angeles who are equipped for this type of teaching

Dr. Wayne McIntire

that we hope to establish a special class in State next semester for teacher training in this field," stated Dr. McIntire.

During his 14 years as a teacher he has done several school house surveys, one in Antioch, California, and one in Spokane, Washington. These surveys were to make an estimate of the effectiveness of modern school house planning.

His main teaching fields have been in administration and curriculum. In the period 1942-47 he was principal of junior high schools in Antioch, Eureka, and Martinez, California. He held a teaching fellowship at Brigham Young University, Utah, and taught school in Provo, Utah.

Dr. McIntire received his BA from Brigham Young in 1936 and his Ph.D from University of California at Berkeley in 1942. He was also awarded a scholarship to University of Wisconsin in 1937-38.

A great love of travel took him to Germany for three years, 1931-34. While there he traveled to many campuses throughout Germany, where he added tremendously to his education.

His youthful and unprofessional appearance allowed him to talk unrestrainedly with many Germans. Concerning a talk with an old Prussian officer in Baden, Germany, McIntire stated, "We talked for several hours on the League of Nations, discussing its merits for keeping peace in the world, when of a sudden the old Prussian said, 'But you just wait. We will get those dirty French yet.'"

Dr. McIntire was staying in a small inn in the Rhur when Hitler came to power. "I heard shots in the street that night between the Nazis and Communists. I learned later that several persons were killed."

His advice to student teachers is simply "to like people."

College quota topped in local chest campaign

State College surpassed its goal! According to incomplete results, we are out in front of other colleges participating in the Community Chest drive. Exact totals have not come in, at this time, but will be published in the next edition of this paper.

"I would like to express my sincere thanks to all those who helped to put this drive over," said Kay Skahill, chairman of the drive, "and I would also like to give special mention to Sigma Alpha Gamma, art club, for donating time and talent to the construction of the Wishing Well."

Much of the credit for the success of this drive goes to Donna Wheatly, Al Baron, Bob Barnes, Harry Hale, Phil Forthun, Margie Sully, John Kimbro, Staff Clark, Michael Gregory, and dozens of others, including deans Penchef and Eastwood, for their active participation in various phases of the work.

Credit for the variety show, presented in the Auditorium last Wednesday, goes to Tommy Bond, director; Tommy Green, publicity chairman, and all others who participated in the show.

Five organizations deserve extra credit for their efforts and successes in reaching and surpassing their set goal of \$10.00. They are, in the order of their generosity, Sigma Chi Alpha, Blue Key, Phi Delta, Rho Delta Chi, and Tri-Alpha.

"It is this type of spirit that put the drive over that will bring recognition to State College and will make it a college to be proud of," stated Miss Skahill.

Jones discusses speech at conclave

"The Effect of Speech Training on Silent Reading Achievement" was the subject of an address delivered by Dr. Val Jones, director of speech therapy at State College, at the 25th National Convention of the American Speech and Hearing Association recently held in Columbus, Ohio.

The Association, primarily consisting of university professors and speech pathologists, heard various speakers stress the need for more than forty thousand speech therapists throughout the United States to handle speech and hearing defect cases.

During the Thanksgiving vacation, Dr. Jones expects to attend the Western Speech Convention in Santa Barbara, the annual meeting of speech, drama, and speech correction teachers for the eleven western states, where he will again give a talk.

Dr. Jones hopes to arrange a meeting very soon for State College students interested in entering the speech therapy field. There he will discuss thoroughly the opportunities which exist for work in the field.

Letters to editor

Dear Editor:

It is a gratifying feeling to know that the students of State College will respond to support a worthy cause.

As one of the workers in the present Community Chest Drive, I spoke in behalf of the Drive to the students of the Monday, 9 o'clock classes in Bungalow A, B, C, and D. Their response was wonderful and should be commended. The instructors were very cooperative and pleasant in spite of the fact that their classes were being interrupted.

If all State College students respond as well as the students in these Bungalows, there will be no doubt that State will reach its goal.

E. L. A. Mermen drown locals

A rough and ready East Los Angeles Junior College water polo team surprised the Diablo squad Friday in a 10-7 tussle in the Huntington Park High School tank.

In the course of the water fight, three players were ejected from the game. Bill Ramsey, the State high point man with three tallies, went out of the contest in the fourth period. Two Huskies were also fouled out.

The locals rolled up a 5-2 lead in the first period, but the Huskies held an 8-5 lead at the half. The Devils were miffed by the fact that the referee set the end zone mark at three and one half yards from the goal instead of the official four yards.

State pulled up to a 7-8 score at the end of the third quarter, but went scoreless in the final period while the Huskies were adding two more tallies.

Louis Jones accounted for two scores and Dick Fletcher and John Jones put in one apiece.

This was the last league tilt on the schedule and the last one for the Devils this season. The loss dropped them into a tie for third place with East Los Angeles who hold wins over only Occidental frosh and State.

Occidental varsity dropped a 9-3 contest to Fullerton J.C. Oxy is the second place team in the B division. The Hornets took first in the A division. Fullerton now plays the winner of the Cal Tech and City College game.

Cal Tech won the B division and City was second to Fullerton in the A division and also annexed the Western State Conference crown with a hard fought 3-2 victory over Compton.

Cagers to face Oxy tomorrow

Third clash of the season for the State Casabamen will take place tomorrow night when the Occidental Tigers invade the local "hardwood stadium". The locals will enter this game undefeated in two starts, having overwhelmed the El Toro Marines 65-33 and "squeezing" by the Chapman College Panthers by a slim margin of 3 points, the score being 45-42.

This game could perhaps be a turning point in State's undefeated march; in the past Occidental has been noted for its fast and smooth-functioning cage teams. No report has been issued on their progress this season however.

The Statemen should enter this game with a slight edge as favorites, having the two previous games under their belts. However, win or lose, it is certain that the game will provide forty minutes of dynamic basketball with both teams fighting for possession of the ball.

Game time has been set for 8 p.m., half-time activities will feature the State Pep Band and songs and yells directed by both the Yell Kings and Song Leaders. Other activities are being planned.

Student attendance at last Saturday's game was much improved but not completely satisfactory. Again the students are reminded that State is your team and should be supported by you wholeheartedly.

This was the fourth game between the two neighborhood colleges. The panthers have emerged victorious in the three previous games that have been played over a two year period.

The locals did not display the "heads-up" type of play that marked last week's game against the El Toro Marines. Many clear shots were missed by both teams. Ed Goorjian, the "wizard of center court shots" failed in numerous attempts during the first half finally hitting the ring during the second session of play. Dick Green in the pivot spot failed to connect on any of his several attempts, having a definite "off-day".

Hugh Corrigan and Norm Witte shared individual high point honors for the locals, each accounting for 8 digits on the tally board. Ed Goorjian, Marv Gurian and Jack Sparks added 7 points each. Hugh Corrigan's 8 points were a result of 4 field goals scored on fast break-away "set-up shots".

The Panthers dominated the offensive play as a result of their fast action in putting the ball in play; the Diablos were remarkably slow on both offense and defense.

Numerous personal fouls were committed by members of both squads as a result of fierce attempts to regain possession of the ball. Both teams scored 11 points via the free-throw ring.

Rollie Bigbee operating in a forward position paced the losers for high point honors scoring a total of 10 points. Dave Weatherill and Dick Arbenz added 8 points apiece.

Spectators viewing the game were tense during the closing minutes when Chapman narrowed State's lead to a mere three points, and still retained possession of the coveted ball. The Statemen finally stopped the Panther scoring threat by "freezing the ball" for a total time of a minute and a half, the final gun ending Chapman's chances for success.

The next game scheduled for the locals will be played tomorrow night when Occidental College invades the local court. Game time will be 8 p.m.

Sports rally set for Wed. noon

The first big Athletic Rally at State College will be held on Nov. 22 at 12. Plans are now being made by Irma Tadini, commissioner of activities. The Rally will feature an outstanding character of radio and television fame, who will act as M.C. for the occasion. It is hoped that all of State's student body will show their school spirit by coming out for the big Rally.

Water Polo season ends with 4 won 5 lost record

The first water polo squad in Los Angeles State College history wound up its season schedule last Friday against East Los Angeles Junior College and emerged with a four game won and five lost record.

In all but two games the margin of victory or defeat was eight points. The two games were Cal Poly San Luis Obispo 7-3 and ELAJC 10 - 7, both were losses. This shows a great disparity between skill of the teams involved. The scores are usually much closer.

Louis Jones with 20 points and Bill Ramsey with 16 digits were the main Devil Scoring threats. Dick Fletcher and John Jones added 10 and 9 tallies respectively followed by Sheldon Munach 7, Joe Alhanati 3, and Harold Venger 1.

Fletcher's shift to center back position improved the defensive position of the State squad. Dave Merlin and R. L. Sullivan were the regular guards and were assisted by Milt Witmore and Alhanati.

Lack of adequate substitutes was a big factor in some of the games, according to Coach Bud Wise. At no time were there more than eleven men out for team. One of these, Barry Rahm, a last season star for City College, was forced to quit due to schedule changes.

Season results:

- LASC 6 - Cal Tech 16
- LASC 12 - UCLA frosh & JV 3
- LASC 3 - Cal Poly SLO 7
- LASC 12 - Oxy frosh 0
- LASC 11 - Cal Poly SD 1
- LASC 1 - Oxy varsity 9
- LASC 2 - Cal Poly SLO 18
- LASC 12 - Cal Poly SD 2
- LASC 7 - ELAJC 10

Initiated as part of a program intended primarily for English majors, the course is open to any student who wishes individual supervision, advice and criticism in the organization, research, and the presentation of papers in the field of his choice.

Admission to this course may be obtained by presenting for approval of the Division of Language Arts, an outline of the work to be undertaken. Preliminary discussion with Dr. Kincaid, Mr. McGrath, Dr. Gardemal, or Mr. Scott is suggested.

Mr. Sandelin, head of the Language Arts Division, also may be contacted in this connection.

Yerkes discusses "Magic Mountain"

Thomas Mann's "The Magic Mountain" was the subject of an interesting discussion by the English Club at its regular monthly meeting. Bruce Yerkes, formerly a student at State College, now doing graduate teaching in the German department at UCLA, spoke on the purely German aspects of this great novel. He traced the historical development from the 16th century through the changing concepts of the education of an individual. Mr. Yerkes maintained that there was no parallel to the Mann novel in English and that the work was peculiarly German in genre. He discussed the influence of Goethe, Schopenhauer, and Nietzsche on Mann in the writing of this work.

Ransom Rideout of the Los Angeles City College English department talked on "The Magic Mountain" as a symbol of western European civilization prior to 1914; its failures and its disintegration. He pointed out the connection between the problems discussed in the novel with those of the present.

A period was reserved for questions from the floor. Cookies and coffee were served after the meeting.

Holliday estimates college attendance

Prediction of the number of students that would attend college in a community if opportunity were available, is now possible according to a formula devised by Dr. Jay N. Holliday, Professor at State College.

Dr. Holliday's findings should be of service to the colleges, by enabling them to prepare adequate courses to meet the needs of the students. These findings also assist the community itself in estimating the number of students that would attend if colleges were established.

Dr. Holliday presented his findings in a dissertation which partially fulfilled the requirements for a Doctor's Degree in Education at USC. He has been in the educational field since 1918 when, at the age of 16 he began teaching in Wayne County, Missouri.
