Hi Joan,

Yes, I would love to. I have attached my paper in PDF form, please let me know if there are any issues.

The CSUCI library and English department have my permission to include my capstone paper, The New Normal, in their public archive.

Thank you!

Kamryn

Travis, Katherine, Shelby, Kamryn,

Would you submit your papers to be used as MODEL PAPERS for the Capstone archive? If so, please email them to me (with or without your names on the actual paper, as you prefer), and in the email itself write out that you give CSUCI library permission to include the paper in their public archive.

Thanks so much for your good work,

JKP
