Commencement

California State University, Fullerton / May 27-28, 1978

Nineteenth Annual Commencement

Special Collections-Library
California State University, Fullerton

From the President

During commencement exercises on May 27 and 28, California State University, Fullerton will honor nearly 4,000 students who completed degree requirements in January or who expect to do so in June or August. That this recognition should be extended in the presence of professors, relatives and friends is no more than fitting, because it is they—to one degree or another—who have helped students reach their intellectual objectives.

For all here assembled, then, commencement clearly is a memorable occasion; an event symbolizing challenges overcome and others yet ahead. So to the Class of 1978, congratulations and best wishes.

L. Donald Shields
President
California State University, Fullerton

... and From the Alumni

During the past few months, "We believe," became a slogan identified with Cal State Fullerton. It epitomizes a growing spirit which extends to the entire campus community.

Borrowing from that slogan, we believe in the University and its commitment to achieve the highest level of academic excellence. We also believe in you, its

graduates, to continue that pursuit of excellence in your lives and careers.

Congratulations on this most important of days.

Jerry H. LaJeunesse
President
Alumni Association

Explanatory Notes

LISTS OF CANDIDATES: Students eligible to participate in the 1978 Commencement exercises are January 1978 graduates and June 1978 and August 1978 candidates for degrees. This program contains the names of January 1978 graduates and those June 1978 and August 1978 candidates who filed for graduation prior to the announced deadlines. It does not constitute an official degree listing. The appropriate diplomas will be issued to candidates who have completed all requirements.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade-point averages follow: Honors, 3.5; High Honors, 3.85; Highest Honors, 4.0. Honors and High Honors notations appearing in lists of June 1978 and August 1978 candidates are based on the students' records at the end of the fall semester 1977. Highest Honors notations are carried only after the students either have completed their degree requirements or performed at the 4.0 level in their final courses. Official designations are dependent upon the students' complete records.

CARILLON: Aided by a contribution from the Friends of the State University, Cal State Fullerton in 1975 installed a Schulerich carillon. Westminster chimes and hour strikes are produced by five tiny bell-tone generators of bronze, struck by miniature clappers. The tones then are electronically amplified and transmitted through speakers mounted on the Library roof. Through its amplification system, carillon music recorded on magnetic tape is played for Commencement and other special events.

PHOTOGRAPHS: Guests wishing to take photographs during the exercises are requested not to block the view of others or to enter the area between the audience and the platform.

SMOKING: Please, no smoking during the exercises.

EMERGENCIES: Personnel from the Student Health Center and the University Police Department will be on duty to provide aid in the event of emergencies. The emergency phone number is 870-3333.

LOST AND FOUND: The University Police Department will operate a lost and found service during the exercises. The phone number is 870-2515.

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are common and uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctor's degree. The bachelor's and master's gowns have no trimmings. The doctor's gown is faced down the front with black velvet and three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctor's hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging

of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctors' caps have gold tassels.

TRIMMINGS: Color trimmings on doctors' gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters, and light coffee (drab), Business Administration.

THE MACE: The mace, first used in 1975, was designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973 and Master of Arts in Art in 1976. The design of the mace reflects the University's architecture, colors (blue and white) and location—the site of the first commercially grown Valencia orange grove. The stem is of cocobolo, a wood orange in color, while the University's colors are represented through the use of ivory and niello. At the top of the mace is the University seal.
